I wish to become a member of Aspen Valley Wildlife Sanctuary. I am at least 18 years of age and have enclosed the annual membership fee of \$10.00.

I am an advocate of Aspen Valley Wildlife Sanctuary and its mission, which is:

We care for injured and orphaned wildlife. Once rehabilitated, we return them to the wild in a safe and natural environment. We have provided a permanent home to animals unable to go free. These animals are hybrids or exotic species, unwanted zoo animals and creatures who have been imprinted or altered by humans and would not be able to survive in the wild. They are provided large enclosures providing them with a safe and natural environment. We educate others to help animals who are facing an ever-increasing threat to their habitat by the encroachment of people.
