# TRAIL SYSTEM

## TRAIL RULES

The way you hike shapes the trail for tomorrow. Do your part to preserve these nature trails by observing the following rules. These rules are recognized around the world as the standard code of conduct for trail users.

**1. Stay on the Trail.**  
Respect sensitive vegetation by keeping to the trail. The way you use the trails will influence trail management decisions and policies. Please do not climb on viewpoint railings.

**2. Leave No Trace.**  
Be sensitive to the dirt beneath you. Recognize different types of soils and trail construction. Wet and muddy trails are more vulnerable to damage. This also means staying on existing trails and not creating new ones. Be sure to pack out at least as much as you pack in.

**3. Never Scare Animals.**  
All animals are startled by an unannounced approach, a sudden movement, or a loud noise. This can be dangerous for you, others, and the animals. Give animals extra room and time to adjust to you.

**4. Plan Ahead.**  
Know your abilities, and the area in which you are travelling, and prepare accordingly. Be self-sufficient at all times, and carry necessary clothing for changes in weather or other conditions.

Keep trails open by setting a good example of environmentally sound and socially responsible behaviour while on the trails.

**USE AT YOUR OWN RISK!**

## LEGEND

- PICNIC AREA    TRAILHEAD (Start & Finish)
- LOOKOUT    INFORMATION    FIRST AID
